Company: Apexon Date: 10/16/2026

No Retransfer Assurances Agreement

I, _Prathap Harischandra kudupu_____, freely sign this agreement as a condition of my access to nuclear networks of Florida Power & Light Company, NextEra Energy Seabrook, LLC, NextEra Energy Duane Arnold, LLC, or NextEra Energy Point Beach, LLC (collectively, "NextEra")
.

During the course of my access to NextEra's nuclear network(s), I may have access to certain nonpublic technology concerning the design, construction, maintenance, repair, overhaul, refurbishment or operation of a nuclear reactor, including nuclear reactor development, production or use of the components within or attached directly to the reactor vessel, the equipment that controls the level of power in the core, or the equipment or components that normally contain come in direct contact with or control the primary coolant of the reactor core or technology for the development, production, or use of equipment or material especially designed or prepared for the nuclear reactor, which information is controlled for export by the Department of Energy under regulations at 10 CFR Part 810. Access to such information by persons who are not citizens or lawful permanent residents or otherwise protected persons of the United States or transfer of such data to persons outside the United States comes within the scope of these rules concerning Assistance to Foreign Atomic Energy Activities. Such technical data and other information within the scope of such rules are referred to as "DOE-Controlled Information."

I am a citizen or permanent resident of _ ____United States of America_____**

** Please list all countries of current citizenship and permanent resident status including dual citizenship

NextEra has requested, and I now agree as a condition of my access to the network, that I will safeguard and keep confidential the nuclear technology or DOE-Controlled Information that I may be exposed to in the course of my work and protect against unauthorized use or disclosure. I will comply with the regulations at 10 CFR Part 810 and will not disclose any DOE-Controlled Information except as authorized under the regulations at 10 CFR Part 810.6 without DOE's prior written authorization. Further, I will not, at any time during or after my access to a NextEra nuclear network, use any of NextEra DOE-Controlled Information for any nuclear explosive device, for research on or development of any nuclear explosive device, or in furtherance of any military purpose.
